Forecast for Monday 28 Mar 2022

Weather: A fine and dry day with some sunny spells, brightest in the west. Any fog, mistiness or low cloud will lift and break during the morning. There is an outside risk of isolated showers developing in the afternoon dying out during the evening.

Chance of cloud-free hill tops above 600m: 60%, increasing to 95%.

Low cloud and visibility: Generally good after mist and fog clear. Short-lived reductions in visibility possible in any showers with variable cloud height.

*Level above which ground is expected to be frozen/snow is expected to settle.

Meteorologist's View

Despite being largely dry and settled, waterproofs are recommended in case of getting caught in any showers.

Forecast for Tuesday 29 Mar 2022

Weather: Mostly dry and fine with some sunny spells. Isolated showers are likely to developing from late morning. An area of more persistent rain is expected to remain to the south of the Brecon Beacons, but may move up into the far south of the area. Feeling cooler on exposed summits with the strengthening breeze.

Maximum wind: 15-20mph.

Chance of cloud-free hill tops 600m: 90%

Low cloud and visibility: Mostly good after any mist or fog clears. Low cloud in the east Tuesday, lifting above summits by late morning. Short-lived reductions at times in precipitation, but cloud bases should remain above hill tops.

Temperature: **Valleys:** Plus 3 Celsius rising to 12 Celsius.
At 600m: Plus 1 Celsius, rising to 8 Celsius, falling to 2 Celsius during the evening.
Freezing level: Above summits, falling below summits overnight.
